Contact sports are a specific exclusion under their policy.

They need to know how often the classes will be held.

Will he be teaching children and or adults.

How many people will be in the classes.

Is it just lessons or will there be competitions.

They would expect a qualified instructor to have his own insurance.

Dr. Bhojwani updated the meeting regarding the above.

It is basically a kick boxercise / sport karate (non contact exercise class).

Classes would be once a week.

It will include adults and or children.
